

# Strengthening attachment relationships in families and communities Conference

**21<sup>st</sup> - 23<sup>rd</sup> Nov. 2019**

**Broadway House in central London**

## Conference Programme

Secure Attachment is fundamental in the life of an individual, and it is necessary for creating safer communities.

This conference aims to provide a platform for sharing researchers' views and services' knowledge, and good practice in supporting the development of secure attachment in relationships within families, impacting positively on our society's future.
